

Environmental Policy Fundo Components AB

Our production means that we impact the environment both locally and globally. We are working to minimize our environmental impact, primarily by reducing energy consumption and noise. We want to have a clean operation, both externally and internally.

We achieve this by:

- *Continuously improve processes and methods.*
- *Have improvement targets and action plans for significant environmental aspects.*
- *Continuously identify, communicate and manage environmental risks in our business.*
- *Actively work to reduce the risk of incidents and accidents.*

Our business is to be conducted in accordance with applicable environmental laws and other relevant environmental requirements.
